

## Login/Signup

<h3>Welcome Screen</h3>  <p>Users are initially met with a welcome screen where they can choose to: Log in if they have a preexisting account or sign up if they do not.</p>	<h3>Login Screen</h3>  <p>After clicking on Log In, the user is given the input boxes to fill out the details to log in to their account. Under the Log In button is the account switch prompt which will help the user switch to the sign up if they don't already have an account on the app. If a user already has an account but can't log in, they can always click on the "forgot password" prompt, above the password input box</p>	<h3>Forgot Password Screen</h3>  <p>After clicking "Forgot your password?" on the Login Screen, users can enter their registered email to get a link for the web-app, where they can reset their password. Clicking the arrow (top left) sends the user back to the Login Screen.</p>
<h3>Sign Up Screen</h3>  <p>After clicking on Sign Up, the user is given the input boxes to fill out the details to create account. There is the create account button provided, and under that is the account switch prompt which helps the user to navigate to the log in page if they already have an account</p>	<h3>Choose Role Screen</h3>  <p>After signing up the app asks the users what role do they have on app: are they using it to enter in events (Entrant), to organize and advertise the events (Organizer), or to monitor and manage the platform activity (Administrator)</p>	

## Entrant

<p><b>Home Screen</b></p>  <p>After Login/Signup for Entrant, the user is sent to the home screen. The user is displayed a list of events that they can join the waitlist for, sorted by events that were most recently posted. For every Event, its partial description, location, time, registration Period, and organizer is displayed Clicking on An Event: User can tap on event to view more details about the event and join the event</p>	<p><b>Clicked Event Screen</b></p>  <p>The event that is pressed has more details shown: Shows event's title, full description, time, location, registration period, max entrees, and people in waiting list. User given option to: - Close the details of the events, which takes them back to the list of events in home - Join Waiting List which adds them to the waiting list of events and places the event in "My Events"</p>	<p><b>Joined The Waiting List</b></p>  <p>When a user presses "Join Waiting List", they are added to the waiting list of the event. A toast (popup notification) is displayed confirming the user has joined the waiting list. The event is also added to the user's "My Events", as indicated by a badge for "My Events" on the navigation bar. Consequently, the button "Join Waiting Lists" turns into "Leave Waiting List". Clicking "Leave Waiting List" opts them out of the waiting list and removes the event from "My Events". The button also turns back to green and is relabelled "Join Waiting List"</p>
<p><b>Search Screen</b></p>  <p>When a user goes to the search menu they are initially shown a list of events. The user also has a search bar and QR button on the screen. Like the home menu, the user can press on events which show more details on the events.</p> <p>The search bar can be pressed to browse for specific events The QR button can be pressed to scan event QRs</p>	<p><b>Search Bar</b></p>  <p>When the search bar is pressed, the keyboard pops up and the user can search for an event they desire. User can press the enter on the keyboard to search</p>	<p><b>Search Bar Results</b></p>  <p>Results of search are shown, user can press on the event to view more details</p>

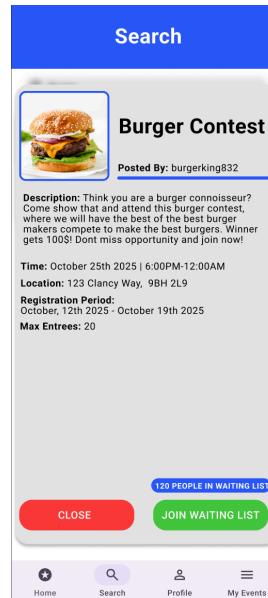

## Clicked Event Screen

## QR Scanning Screen

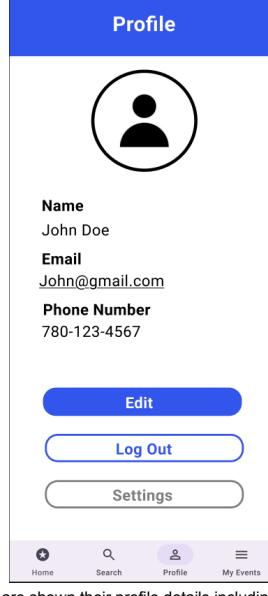

## Valid QR Event Screen

## Invalid Event QR Screen

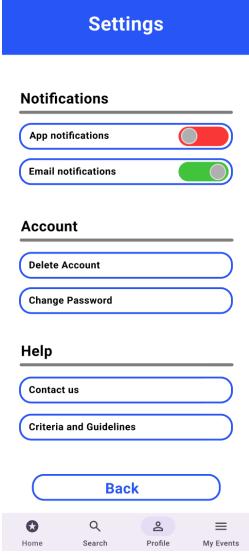

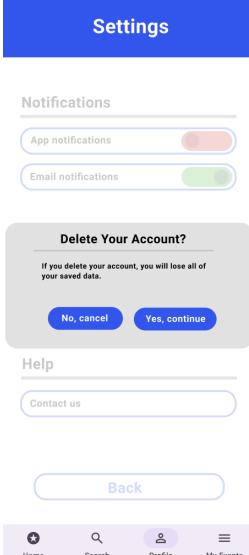

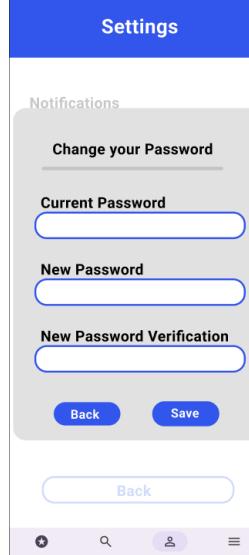

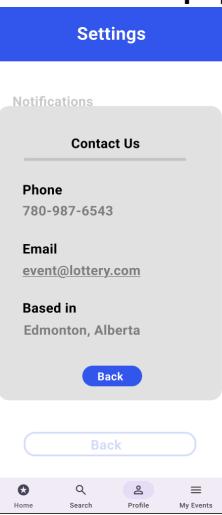

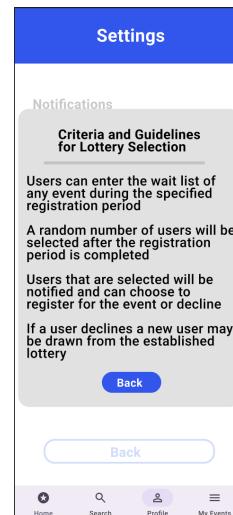

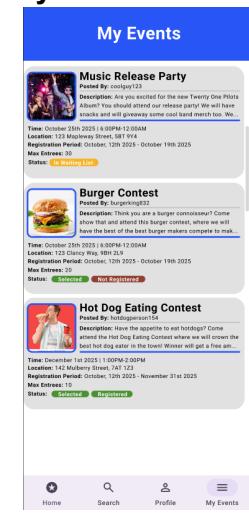

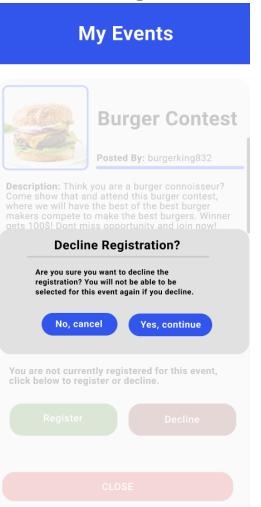

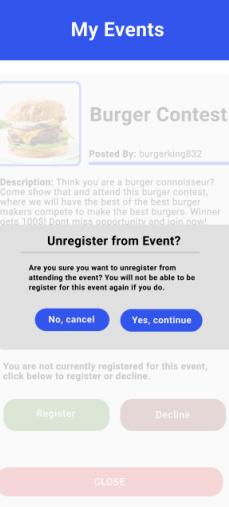

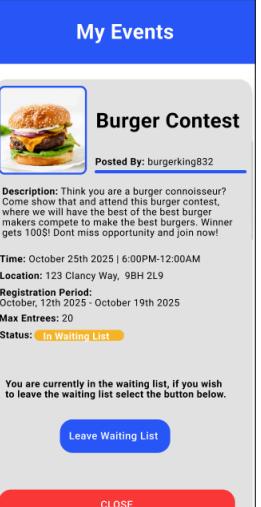

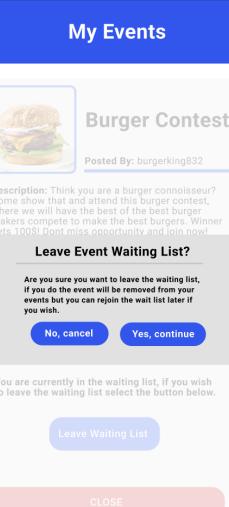

## User Profile Screen

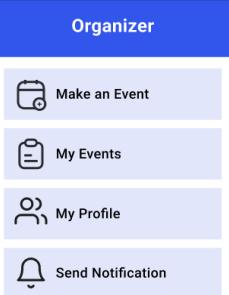

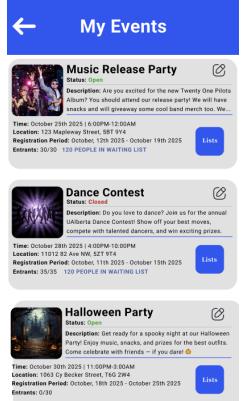

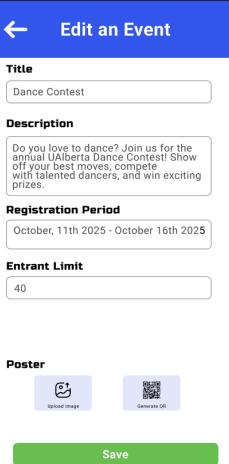

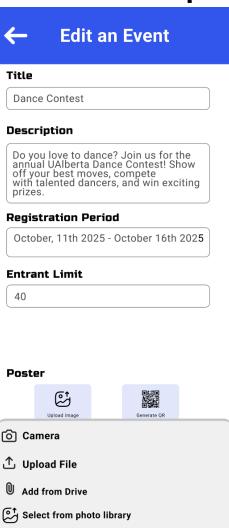

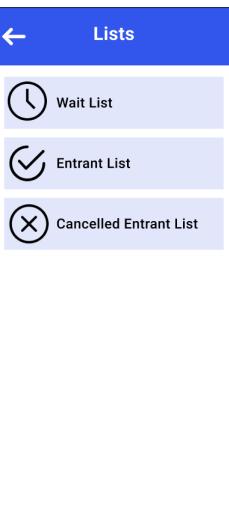

## Edit Profile Screen

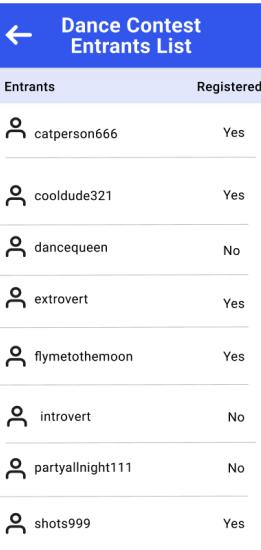

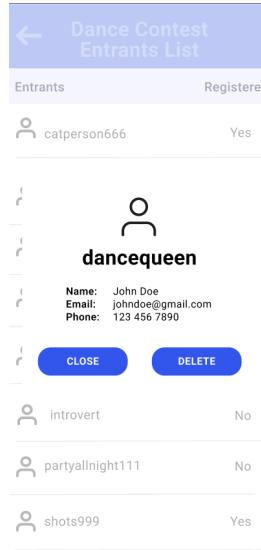

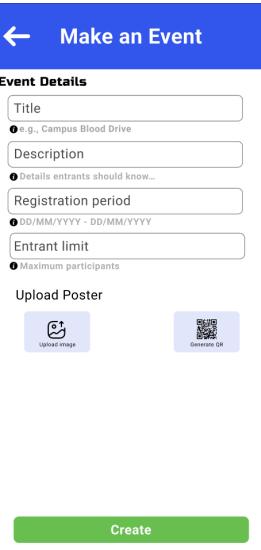

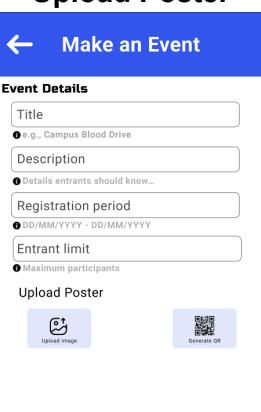

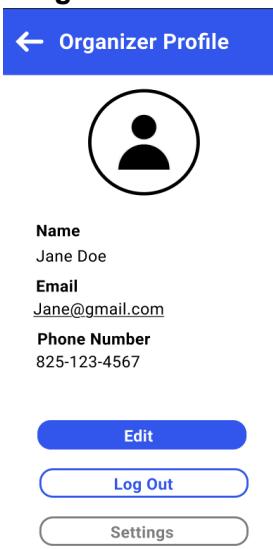

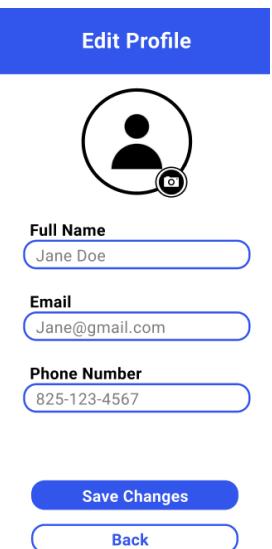

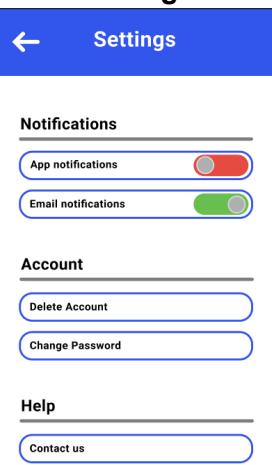

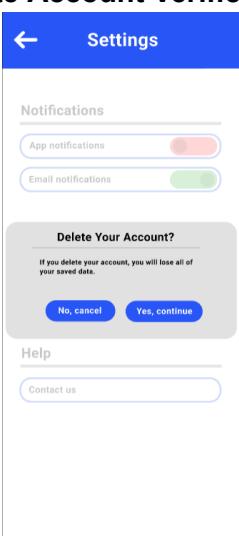

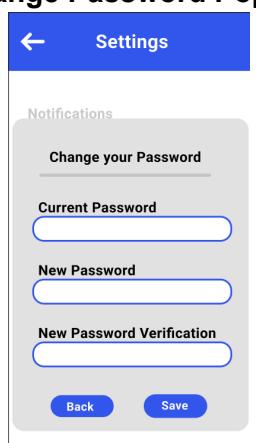

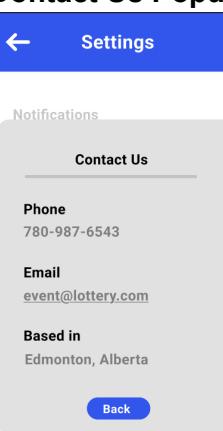

<h2>Settings</h2>  <p>After clicking "Settings" on the Profile Screen, users are shown different settings preferences like notifications, account details, and help. Users are able to choose from different options:</p> <ul style="list-style-type: none"> <li>App notifications → can opt in or out of getting updates directly from the app</li> <li>Email notifications → can opt in or out of receiving emails from different organizations about their status in the events</li> <li>Delete account → users can delete their account; if selected, user will be taken to a verification popup</li> <li>Change password → users can change their account password</li> <li>Contact Us → displays pop up of administration contact information</li> <li>Criteria and Guidelines → informs the user about how the app processes work</li> <li>Back → return to the profile page</li> </ul>	<h2>Delete Account Verification</h2>  <p>After clicking "Delete Account" on the Settings, users can verify if they want to delete their account. Users can choose to cancel this action or continue with the deletion. If they delete their account they will be taken back to the login/signup page.</p>	<h2>Change Password Popup</h2>  <p>After clicking "Change Password" on Settings, users can change their password by filling in the information and clicking the "save" button or exiting the popup by clicking the "back" button, in which case their password would not be changed. Either button selection will take the user back to the settings page.</p>
<h2>Contact Us Popup</h2>  <p>After clicking "Contact us" on the Settings, the contact us popup provides the user with different options to contact the organization with any concerns or questions.</p> <p>Users can click the "Back" button to be taken back to the "Settings" page</p>	<h2>Criteria and Guidelines</h2>  <p>After clicking "Criteria and Guidelines" on the Settings, the criteria and guidelines popup provides users with information about the lottery selection process. Users can click the "Back" button to be taken back to the "Settings" page.</p>	<h2>My Events Screen</h2>  <p>Users are shown all the events they have joined the wait list for at some point. The display for each event shows the status for each event:</p> <ul style="list-style-type: none"> <li>In Waiting List → user has not yet been chosen for event</li> <li>Selected → user was selected from waiting list</li> <li>Not registered → user has not yet registered for event</li> <li>Registered → user has registered for event</li> <li>User can select any event to see details and interact with the event</li> </ul>

Dont miss opportunity and join now!</p> <p>Time: October 25th 2025   6:00PM-12:00AM Location: 123 Clancy Way, 9BH 2L9 Registration Period: October 12th 2025 - October 19th 2025 Max Entrants: 20 Status: In Waiting List</p> <p>You are currently in the waiting list, if you wish to leave the waiting list select the button below.</p> <p><b>Leave Waiting List</b></p> <p><b>CLOSE</b></p> <p>Home Search Profile My Events</p> <p>User selected an event from My Event list and can now see the details of their event in addition to different actions they can take:      Leave waiting list → user can leave waiting list      Close → takes user back to their event list</p>	<h3>Leave Waiting List</h3>  <p>Are you sure you want to leave the waiting list, if you do the event will be removed from your events but you can rejoin the wait list later if you wish.</p> <p><b>No, cancel</b> <b>Yes, continue</b></p> <p>You are currently in the waiting list, if you wish to leave the waiting list select the button below.</p> <p><b>Leave Waiting List</b></p> <p><b>CLOSE</b></p> <p>Home Search Profile My Events</p> <p>After clicking "Leave Waiting List", users can verify if they want to leave the waiting list for an event, if not they will return to the event detail pop up. Leaving the wait list will remove the event from "My Events", and they will return to their "My Events" page.</p>

## Organizer

<h3>Organizer Home</h3>  <p>After Login/Signup for Organizer, the user is sent to the home screen.  This page displays 4 features that the user can use as an organizer:  Make an Event → allows organizer to make new event  My Events → organizer can view the events they have made and their status  My Profile → organizer can view their profile details  Send Notifications → allows organizer to make custom notification messages if they choose to do so</p>	<h3>My Events</h3>  <p>After the user selects the My Events on the home screen the user is sent to "My Events". On this page, the user can view all the events they have and the details of the events.  If the organizer clicks the edit icon they will be taken to a page where they can edit the details of the event.  If the organizer clicks on the "Lists" buttons associated with each event they will be taken to a screen where they can view different user lists for the event.  Clicking the top left arrow returns organizer back to "Organizer Home" screen</p>	<h3>Edit an Event</h3>  <p>When the user clicks on the edit icon on the My Events page, they will be sent to this Edit an Event screen.  On this page users can edit the information regarding the events they owned.  Upload Poster → organizer can upload a new poster for the event  Generate QR → generates a QR code for the event, once it has been generated the button will show "view QR code"  Save → Save event and go back to organizer home screen  Clicking the top left arrow returns organizer back to "My Events" screen</p>
<h3>Upload Poster Options</h3>  <p>After the user clicked on the Upload Image button. The user can choose where and how they want to upload their poster for the event.  The options includes:  Take a picture from the camera.  Upload a file.  Add from drive.  Select from photo library.  Note: clicking on any of those options will just take the user to their File, photo album, etc. they already have on their phone.</p>	<h3>QR Code Generator</h3>  <p>After the user clicks on the Generate QR button, this pop up window will show up with a new QR code generated for this event.  The user chooses to Save or Close to edit more information about the event.  Save → Save the QR code to the photo library and exit pop up window.  Close → close and exit the pop up window.</p>	<h3>List Screen</h3>  <p>When the user selects the "List" button on an event they are taken to the "List" screen.  On this page the organizer can select which specific list of users they want to view:  WaitList → users in the event waitlist  Entrant List → users who were selected from the wait list to register for the event  Cancelled Entrant List → users who were selected but declined the registration offer or were removed from Entrant List by organizer.  Clicking the top left arrow returns organizer back to "My Events" screen</p>

<h3>Event Entrant List</h3>  <p>When the organizer clicks on the Entrant List Button, they are shown the list of selected entrants. For each entrant, it shows if they have registered or not. The Wait List and Cancelled Entrant List look identical, just without the "registered" column.</p> <p>Organizers can click on users from the Entrant List (cannot select users from Wait List or Cancelled Entrant List) to produce a popup that would allow the organizer to remove them from the Entrant List. Clicking the top left arrow returns organizer back to "Lists" screen</p>	<h3>Remove Entrant Popup</h3>  <p>Organizers can select a user from the entrant waiting list to remove if they wish if they have not signed up for the event. Clicking "Delete" will bring the organizer back to the "Entrants List" page with the deleted user removed from the list. Clicking "Close" will take the user back to the "Entrant List" page with the user not removed.</p>	<h3>Make a New Event</h3>  <p>This screen appears when the user chooses the Make an Event option on the home page. On this page the user can create a new event. Each event requires a title, description, registration period, entrant limit, poster and a QR code. Create → Create event and go to the My Events screen. Clicking the top left arrow returns organizer back to "Organizer Home" screen</p>
<h3>Upload Poster</h3>  <p>After the user clicked on the Upload Image button. The user can choose where and how they want to upload their poster for the event. The options includes:</p> <ul style="list-style-type: none"> <li>Take a picture from the camera.</li> <li>Upload a file.</li> <li>Add from drive.</li> <li>Select from photo library.</li> </ul> <p>Note: clicking on any of those options will just take the user to their File, photo album, etc. they already have on their phone.</p>	<h3>Photo taking screen</h3>  <p>After clicking on the camera option for uploading the poster, it'll take you to your camera to upload the photo. After taking the photo it'll upload and send you back to make an event or edit an event page.</p>	<h3>QR Code Generator</h3>  <p>After clicking on the Generate QR button, this pop up window will show up with a new QR code generated for this event. The user can choose to Save or Close to edit more information about the event. Save → Save the QR code to the photo library and exit pop up window. Close → close and exit the pop up window. After the QR code is generated the generate QR button will read "view QR" instead.</p>

<h3>Organizer Profile</h3>  <p><b>Name</b> Jane Doe <b>Email</b> Jane@gmail.com <b>Phone Number</b> 825-123-4567</p> <p><b>Edit</b> <b>Log Out</b> <b>Settings</b></p> <p>This screen appears when the user clicks "My Profile" on the home screen. Users are shown their profile details including name, email, and phone number. Users are given the choice to: Edit -&gt; edit their information Log out -&gt; log out of their account Settings -&gt; look at their settings Clicking the top left arrow returns organizer back to "Organizer Home" screen</p>	<h3>Edit Profile</h3>  <p><b>Full Name</b> Jane Doe <b>Email</b> Jane@gmail.com <b>Phone Number</b> 825-123-4567</p> <p><b>Save Changes</b> <b>Back</b></p> <p>After clicking "Edit" on the Profile Screen, users are able to edit the details of their profile by clicking on the different sections. Users are given the choice to: Save changes --&gt; save their changes, then they will be taken back to profile page Back --&gt; go back to profile page</p>	<h3>Settings</h3>  <p><b>Notifications</b> App notifications (switch off) Email notifications (switch on) <b>Account</b> Delete Account Change Password <b>Help</b> Contact us</p> <p>Users are shown different settings preferences like notifications, account details, and help. Users are able to choose from different options: App notifications --&gt; can opt in or out of getting updates directly from the app Email notifications --&gt; can opt in or out of receiving emails from different organizations about their status in the events Delete account --&gt; users can delete their account; if selected, user will be taken to a verification popup Change password --&gt; users can change their account password Contact Us --&gt; displays pop up of administration contact information Clicking the top left arrow returns organizer back to "Organizer profile" screen</p>
<h3>Delete Account Verification</h3>  <p><b>Delete Your Account?</b> If you delete your account, you will lose all of your saved data. <b>No, cancel</b>   <b>Yes, continue</b></p> <p><b>Contact us</b></p> <p>After clicking "Delete Account" on the Settings page, users can verify if they want to delete their account. Users can choose to cancel this action or continue with the deletion. If they delete their account they will be taken back to the login/signup page. If they click "No, cancel" they will exit the popup.</p>	<h3>Change Password Popup</h3>  <p><b>Change your Password</b></p> <p><b>Current Password</b> <b>New Password</b> <b>New Password Verification</b></p> <p><b>Back</b>   <b>Save</b></p> <p>After clicking "Change Password" on the Settings page, users can change their password by filling in the information and clicking the "save" button or exiting the popup by clicking the "back" button, in which case their password would not be changed. Either button selection will take the user back to the settings page.</p>	<h3>Contact Us Popup</h3>  <p><b>Contact Us</b></p> <p><b>Phone</b> 780-987-6543 <b>Email</b> event@lottery.com <b>Based in</b> Edmonton, Alberta</p> <p>The contact us popup appears after the user clicks "Contact us" on the Settings page. It provides the user with different options to contact the organization with any concerns or questions. Users can click the "Back" button to be taken back to the "Settings" page</p>

## Organizer Send Notification

Which Event:

Dropdown

To Users of Which List Group:

Wait List  
Entrant List  
Cancelled Entrant List

Message:

Type Message Here

Send

This screen shows when users click "Send Notification" on the home screen.

Organizer can create a custom notification by: first selecting which event the notification is pertaining to by using the drop-down function which will present a list of all the organizer's events. Then the organizer will choose which list from that event the notification pertains to. Then lastly they will compose a message to send. Clicking "Send" will send the message to all users in the specified list in the specified event, and reset the notification page allowing the user to compose a new notification if desired. Clicking the top left arrow returns organizer back to "Organizer Home" screen and will not save the message

## Select Event Dropdown

Which Event:

Dropdown

Music Release Party  
Dance Contest  
Halloween Party

Wait List  
Entrant List  
Cancelled Entrant List

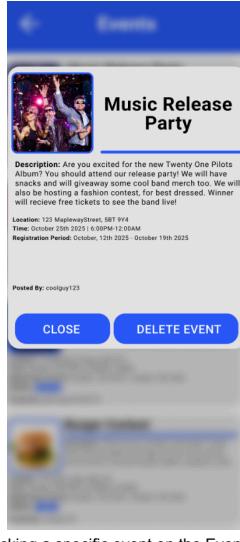

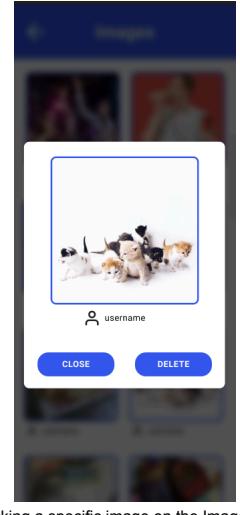

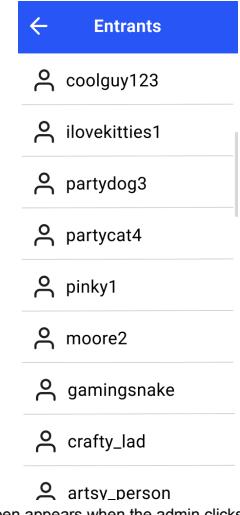

Message:

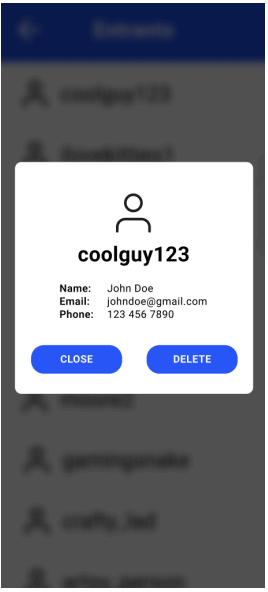

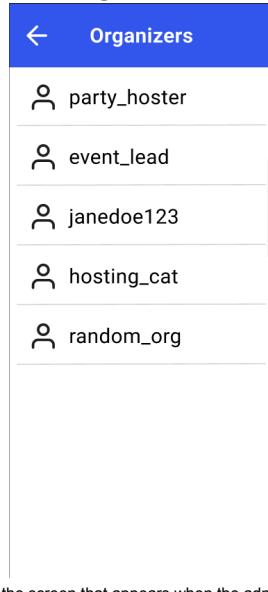

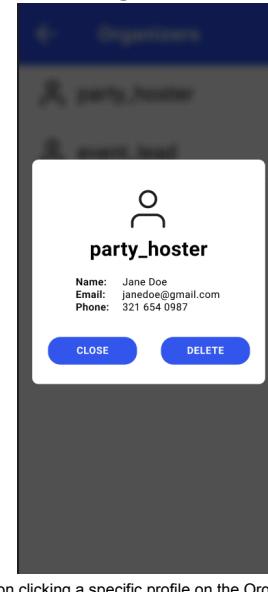

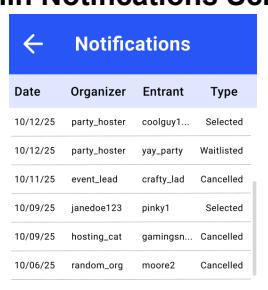

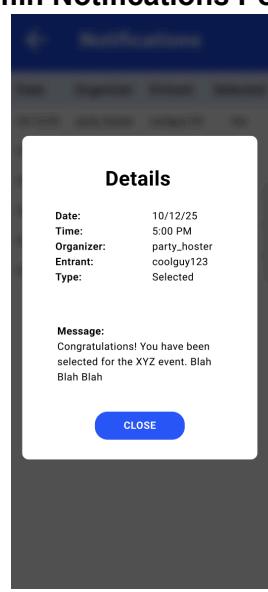

Type Message Here

Send

When the Organizer clicks on the drop down on the Send Notification screen, they can select an event to send a notification to

## Administrator

<h3>Administrator Home</h3>  <p>This screen appears when the admin logs in/signs up. The administrator is shown multiple buttons:      "Events" → leads to a screen with all events that have been uploaded by organizers.      "Images" → leads to a screen that contains all images that have been uploaded by organizers.      "Entrants" → leads to a screen that contains all entrant profiles.      "Organizers" → leads to a screen that contains all organizer profiles.      "Notifications" → leads to a screen that contains all logs of notifications sent to entrants by organizers.</p>	<h3>Admin Events Screen</h3>  <p>This is the screen that appears when the admin clicks "Events" on the Home Screen. On this screen, the administrator can browse a list of all events posted by organizers. The administrator can click an event if they wish to see the event's details or to delete the event. Clicking the arrow (top left) leads to the Home Screen.</p>	<h3>Admin Event Details Popup</h3>  <p>Upon clicking a specific event on the Events Screen, the administrator can see the details of an event, including:      The title, description, location, time, registration period, and the username of the organizer who posted the event.      Clicking "DELETE EVENT" deletes the event, and leads the administrator back to the Events Screen with the deleted event removed from view.      The administrator can click "CLOSE" if they wish to exit the popup, which leads them back to the Events Screen.</p>
<h3>Admin Images Screen</h3>  <p>This screen appears when the admin clicks "Images" on the Home Screen. The administrator can browse all the images posted by organizers. Under each image is the username of the organizer who posted it. The administrator can click a specific image to confirm if they'd like to delete it. Clicking the arrow (top left) leads to the Home Screen.</p>	<h3>Admin Image Popup</h3>  <p>Upon clicking a specific image on the Images Screen, a popup is shown with the clicked image, the username of the organizer who uploaded the image, a "CLOSE" button, and a "DELETE" button. Clicking "DELETE" deletes the image, and leads the administrator back to the Images Screen where the deleted image has been removed from view. Clicking "CLOSE" exits the popup and leads them back to the Images Screen.</p>	<h3>Admin Entrants Screen</h3>  <p>This screen appears when the admin clicks "Entrants" on the Home Screen. The administrator can browse a list of all entrant profiles. The administrator can click a specific entrant profile to see their details or to delete their profile. Clicking the arrow (top left) leads to the Home Screen.</p>

<h3>Admin Entrant Popup</h3>  <p>Upon clicking a specific entrant profile on the Profiles Screen, a popup is shown with the entrant's username, name, email, and phone. Clicking "DELETE" deletes the selected profile and leads to the Entrants Screen where the deleted profile has been removed from the list. Clicking "CLOSE" exits the popup, which leads them back to the Entrants Screen.</p>	<h3>Admin Organizers Screen</h3>  <p>This is the screen that appears when the admin clicks "Organizers" on the Home Screen. On this screen, the administrator can browse a list of all organizer profiles. The administrator can click a specific organizer profile to see their details or to delete their profile. Clicking the arrow (top left) leads to the Home Screen.</p>	<h3>Admin Organizer Popup</h3>  <p>Upon clicking a specific profile on the Organizers Screen, a popup is shown with the organizer's username, name, email, and phone. Clicking "DELETE" deletes the selected profile and leads to the Organizers Screen where the deleted profile has been removed from the list. Clicking "CLOSE" exits the popup, which leads them back to the Organizers Screen.</p>
<h3>Admin Notifications Screen</h3>  <p>This screen appears when the admin clicks "Notifications" on the Home Screen. The administrator can browse logs of all notifications sent to entrants by organizers. Each notification log includes the following information: the date the notification was sent, the username of the organizer that sent the notification, the username of the entrant that received the notification, and the type of notification sent (whether the entrant was Selected, Waitlisted, or Cancelled). The administrator can click on a specific notification to view more details. Clicking the arrow (top left) leads to the Home Screen.</p>	<h3>Admin Notifications Popup</h3>  <p>Upon clicking a specific notification log, the administrator can view more details of the notification, including: the date the notification was sent, the time the notification was sent, the username of the organizer that sent the notification, the username of the entrant that received the notification, the type of notification sent (Selected, Waitlisted, or Cancelled), and the message of the notification. The administrator can exit this popup by clicking "CLOSE", which leads the administrator back to the Notifications Screen.</p>
