

Login/Signup

✓ Welcome Screen	✓ Login Screen	✓ Sign Up Screen
 A mobile app welcome screen with a green background. At the top, there's a status bar showing the time 2:58 and battery level. Below the status bar is a white clover logo followed by the text 'Luckii'. At the bottom, there are two green buttons: 'LOG IN' and 'SIGN UP'.	 A mobile app login screen with a blue background. At the top, there's a status bar showing the time 2:58 and battery level. Below the status bar is a white back arrow followed by the text 'Log In'. Below this, there are two white input fields: 'Email' and 'Password'. At the bottom, there is a green button labeled 'Log in'.	 A mobile app sign up screen with a blue background. At the top, there's a status bar showing the time 3:00 and battery level. Below the status bar is a white back arrow followed by the text 'Sign Up'. Below this, there are four white input fields: 'Full name', 'Username', 'Email', and 'Password'. Below the input fields, there is a label 'I am an:' followed by two white buttons: 'Organizer' and 'Entrant'. At the bottom, there is a green button labeled 'Create Account'.
Users are initially met with a welcome screen where they can choose to: Log in if they have a preexisting account or sign up if they do not	After clicking on Log In, the user is given the input boxes to fill out the details to log in to their account.	After clicking on Sign Up, the user is given the input boxes to fill out the details to create an account. The user can also choose whether they want to be an entrant or organizer. When the user has all fields filled, the user can press create account to create the account and send them to either the entrant or organizer home screen.

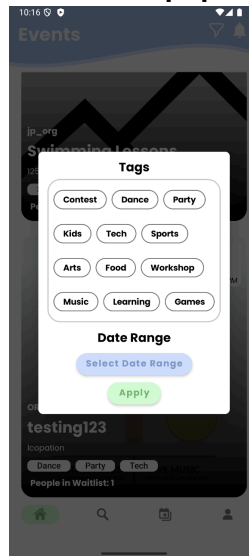

Entrant

Home Screen

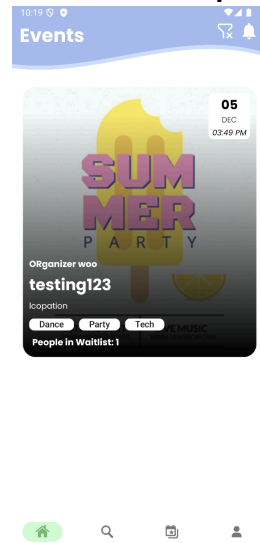

After Login/Signup for Entrant, the user is sent to the home screen.
The user is displayed a list of events that they can join the waitlist for, sorted by events that were most recently posted.
Clicking on an event:
User can tap on event to view more details about the event and join the event
Clicking Filter Button: brings up filter option for user
Clicking notification button: brings up a list of the user's notification

Filter Popup

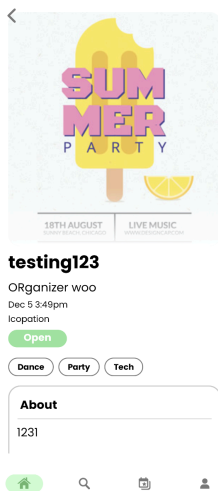

Shows potential tags that can be applied to filter events with those tags. Additionally users can filter by date. When they select a date range a date selector pops up and allows them to choose.
Users can:
Get out of the popup by clicking the screen behind
Click "Apply" and apply the filter

Remove Filter Option

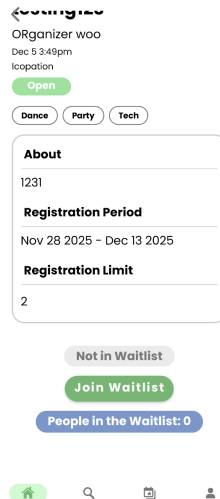

After filters have been applied they can be removed when the user clicks on the filter with an x icon.

Clicked Event Screen

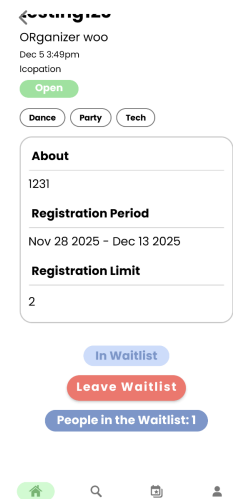

The event that is pressed has more details shown:
Shows event's title, full description, time, location, registration period, max entrees, and people in waiting list. Users can scroll down to see more about the event and have access to the different buttons
User given option to:
- Go back arrow : closes the details of the events, which takes them back to the list of events in home
- Join Waiting List which adds them to the waiting list of events and places the event in "My Events"

Scroll Down Event Screen

When user scrolls down they can join the waitlist for an event

Joined The Waiting List

When a user presses "Join Waiting List", they are added to the waiting list of the event. A toast (popup notification) is displayed confirming the user has joined the waiting list. The event is also added to the user's "My Events".
Consequently, the button "Join Waiting Lists" turns into "Leave Waiting List".
Clicking "Leave Waiting List" opts them out of the waiting list and removes the event from "My Events". The button also turns back to green and is relabelled "Join Waiting List"

If the QR scanned is valid, the event's details are shown: Shows event's title, full description, time, location, registration period, max entrees, and people in waiting list.

User given option to

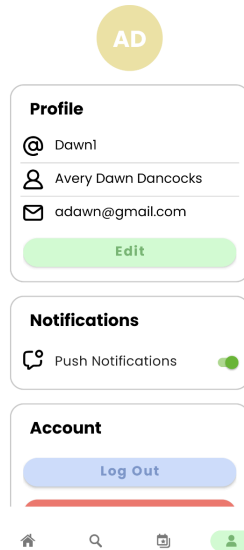

- Close the details of the events, which takes them back to the list of events they searched for
- Join Waiting List which adds them to the waiting list of events and places the event in "My Events"

Invalid Event QR Screen

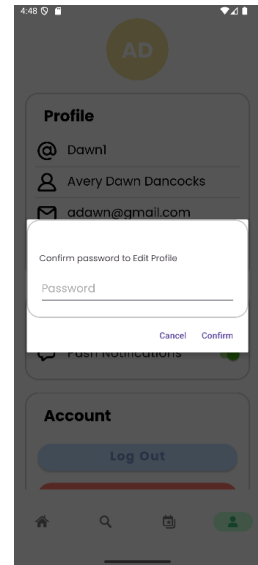

If the QR is invalid, a toast will show up indicating the QR is invalid, and takes them back to the search menu

User Profile Screen

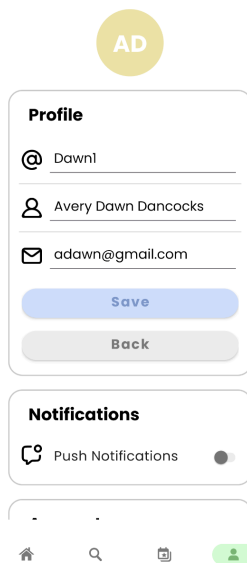

Profile Screen is scrollable. Initially, users are shown their profile details including name, email, and username
Users are given the choice to :
Edit → edit their information
Log out → log out of their account

Edit Profile Verification

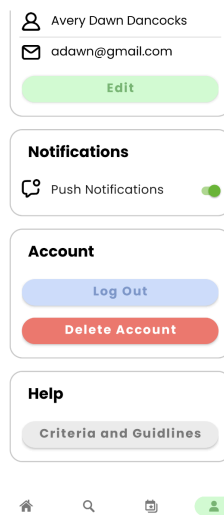

After clicking the edit profile button - the user is asked for their password to edit changes to their account
User can:
Press Confirm → Allows user to edit profile if password correct, if not, notifies user password is wrong
Press Cancel → Go back to profile screen

Edit Profile Screen

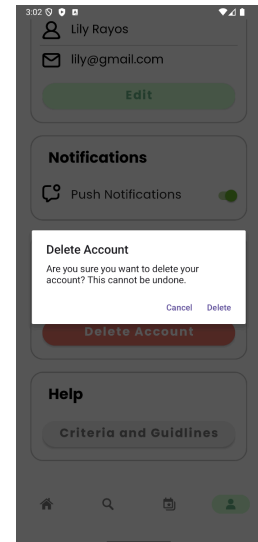

After verifying their password, users are able to edit the details of their profile by clicking on the different sections.
Users are given the choice to:
Save changes → save their changes, then they will be taken back to Profile Screen
Back → go back to Profile Screen

Scroll Down Profile

After scrolling down the profile page Users are able to choose from different options:
Push notifications → can opt in or out of getting updates directly from the app → will take users to actual device settings to do so
Delete account → users can delete their account; if selected, user will be taken to a verification popup
Criteria and Guidelines → informs the user about how the app processes work

Delete Account Verification

After clicking "Delete Account" on the Profile Screen, users can verify if they want to delete their account.
Users can choose to cancel this action or continue with the deletion. If they click delete they must enter in their password, if correct their account is deleted and they will be taken back to the login/signup page.

Criteria and Guidelines

 Criteria and Guidelines

Select an Event to Join

Go to Home or Search to find an event. Use the filter button to narrow your results by date or tags.

To view an event's details or to join its waitlist, tap the event.

Join the Waitlist

After opening an event, you can press Join Waitlist. This adds you to the event's waitlist, where you will have a chance to be chosen for the event through the lottery.

The Registration Limit indicates how many people may be chosen through the lottery.

Wait for the Registration Deadline

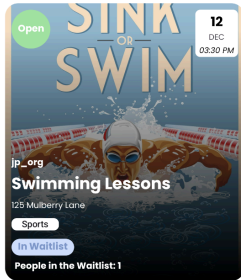

After joining the waitlist, wait

After clicking "Criteria and Guidelines" on the Profile Screen, the criteria and guidelines popup provides users with information about the lottery selection process.

Users can click the "Back arrow" to be taken back to the "Profile" page.

On this page users can edit the information regarding the events they owned. - Geolocation Verification → can toggle on or off - Tags → can be edited for the event as well - Upload Poster → organizer can upload a new poster for the event - Generate QR → generates a QR code for the event, once it has been generated the button will show "view QR code" - Save → Save event and go back to organizer home screen Clicking the top left arrow returns organizer back to	Upload Poster Photos Albums Coast Events will only have access to the photos you select Dismiss  After the user clicked on the Upload Image button. The user will be taken to a popup of their photo library to upload an image of their choice

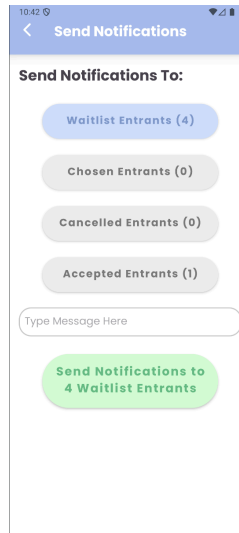

QR Code Generator  The screen shows a form to create a QR code. At the top is a blue header with a back arrow and 'Edit an Event'. Below are category buttons: Tech, Sports, Arts, Food, Workshop, Music, Learning, Games. There's an 'Upload Poster' section with a large grey box and a 'Choose Poster image' button. Below that is a generated QR code and a 'Generate QR Code' button. At the bottom is a green 'Save' button. After the user clicks on the Generate QR button, the generated QR code will appear and the generated QR code button will now "toast: QR is already generated for this event", if pressed again.	"My Events" screen List Screen  The screen displays a list of options: Wait List, Chosen Entrant List, Enrolled Entrant List, and Cancelled Entrant List, each with an icon and a back arrow. When the user selects the "List" button on an event they are taken to the "List" screen. On this page the organizer can select which specific list of users they want to view: WaitList → users in the event waitlist Chosen Entrant List → users who were selected from the wait list to register for the event Enrolled Entrant List → users who were chosen and registered for the event Cancelled Entrant List → users who were selected but declined the registration offer or were removed from Entrant List by organizer. Clicking the top left arrow returns organizer back to "My Events" screen	Event Entrant List  The screen shows a table with two columns: 'Entrants' and 'Registered'. The 'Entrants' column contains the text 'adawnl' and the 'Registered' column contains 'No'. When the organizer clicks on the Chosen List Button, they are shown the list of selected entrants. For each entrant, it shows if they have registered or not. The Wait List, Accepted, and Cancelled Entrant List look identical, just without the "registered" column. Organizers can click on users from the Chosen List (cannot select users from Wait List, Accepted, or Cancelled Entrant List) to produce a popup that would allow the organizer to remove them from the Entrant List Clicking the top left arrow returns organizer back to "Lists" screen
Remove Chosen Popup  The popup shows a message: 'Remove Entrant. Do you want to remove "adawnl" from this event?' with 'CANCEL' and 'DELETE' buttons. This popup displays when an organizer selects an entrant in the Chosen list. They then have the option to "Delete" the user from the Chosen entrants list or to "Cancel"	Enrolled Entrant List  The screen shows a list of entrants under the heading 'Enrolled Entrant List'. At the bottom is a blue 'Export CSV' button. The enrolled Entrant lists shows a list of entrants who have registered for the event. It also gives the organizer the option to export the list as a CSV file by clicking the "Export CSV" button at the bottom.	Export CSV Popup  The popup shows a sharing interface for a file named 'enrolled_entrants.csv'. It lists sharing options: Quick Share, Drive, Gmail, and Gmail Chat. When an organizer selects to export the CSV this popup will appear and allow the organizer to download the file to whatever location they desire.

Remove Chosen Popup

Clicking on the Map icon in the Organizer Event screen will lead the organizer to a map that displays where individuals joined their waitlist from. This map will only appear if the Organizer has Geolocation Verification enabled for the event. If they do not have it enabled they will be met with a pop up telling them to "Enable Geolocation Verification"

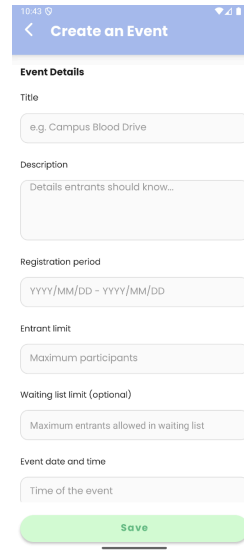

Organizer Send Notification

This screen shows when users click "Send Notification" on an Organizer Event Screen.. Organizer can create a custom notification by:

Choosing which list from that event the notification pertains to. Then they will compose a message to send. Clicking "Send" will send the message to all users in the specified list in the specified event. Clicking the top left arrow returns organizer back to "Organizer Home" screen and will not save the message

Make a New Event

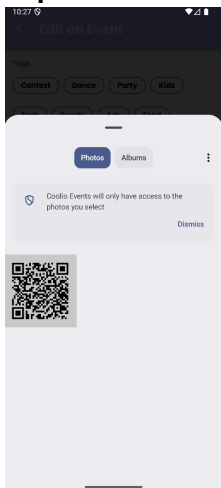

This screen appears when the user chooses the Make an Event option on the home page.

On this page the user can create a new event. Each event requires a title, description, registration period, entrant limit, and location. Waiting list limit is optional, and so is uploading a poster and generating a QR code.

Users can also toggle Geolocation Verification on or off for the event.

Save → Create event and go to the My Events screen. Clicking the top left arrow returns organizer back to "Organizer Home" screen

Upload Poster

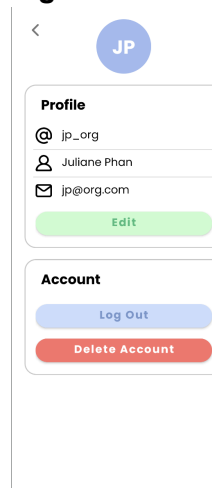

After the user clicked on the Upload Image button. The user will be taken to a popup of their photo library to upload an image of their choice

QR Code Generator

After the user clicks on the Generate QR button, the generated QR code will appear and the generated QR code button will now "toast: QR is already generated for this event", if pressed again.

Organizer Profile

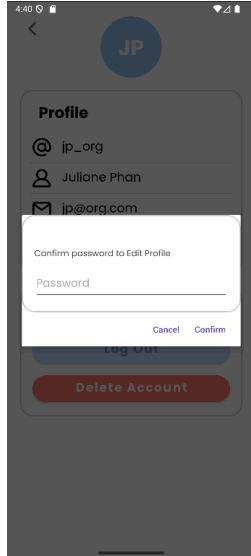

This screen appears when the user clicks "My Profile" on the home screen.

Users are shown their profile details including name, email, and username

Users are given the choice to:
Edit → edit their information
Log out → log out of their account
Delete → Delete their account

Clicking the top left arrow returns organizer back to "Organizer Home" screen

Edit Profile Verification

After clicking the edit profile button - the user is asked for their password to edit changes to their account User can:

Press Confirm → Allows user to edit profile if password correct, if not, notifies user password is wrong

Press Cancel→ Go back to profile screen

Edit Profile

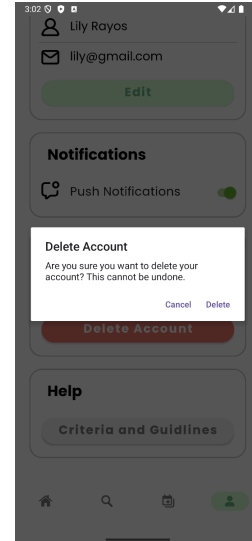

After verifying their password, users are able to edit the details of their profile by clicking on the different sections (username, name, email)

Users are given the choice to:

Save --> save their changes, then they will be taken back to profile page

Back --> go back to profile page

Delete Account Verification

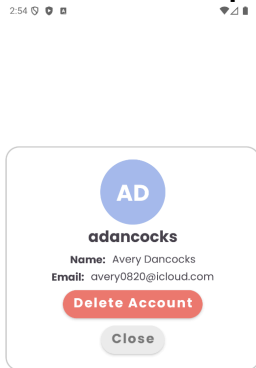

After clicking "Delete Account" on the Profile Screen, users can verify if they want to delete their account.

Users can choose to cancel this action or continue with the deletion. If they click delete they must enter in their password, if correct their account is deleted and they will be taken back to the login/signup page.

Administrator

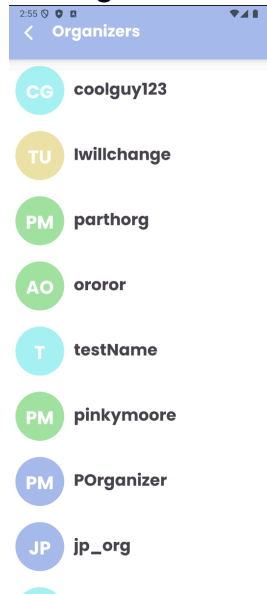

Administrator Home This screen appears when the admin logs in/signs up. The administrator is shown multiple buttons: “Events” → leads to a screen with all events that have been uploaded by organizers. “Images” → leads to a screen that contains all images that have been uploaded by organizers. “Entrants” → leads to a screen that contains all entrant profiles. “Organizers” → leads to a screen that contains all organizer profiles. “Notifications” → leads to a screen that contains all logs of notifications sent to entrants by organizers. “Logout” → logs out of the admin account	Admin Events Screen This is the screen that appears when the admin clicks “Events” on the Home Screen. On this screen, the administrator can browse a list of all events posted by organizers. The administrator can click an event if they wish to see the event’s details or to delete the event. Clicking the arrow (top left) leads to the Home Screen.	Admin Event Details Screen Upon clicking a specific event on the Events Screen, the administrator can see the details of an event, including: The title, description, location, time, registration period, event status and the username of the organizer who posted the event. Clicking “Delete Event” deletes the event, and leads the administrator back to the Events Screen with the deleted event removed from view. The administrator can click the “grey arrow” if they wish to exit the fragment, which leads them back to the Events Screen. Or they can click the “white arrow” if they want to go back to the home screen
Admin Images Screen This screen appears when the admin clicks “Images” on the Home Screen. The administrator can browse all the images posted by organizers. Under each image is the username of the organizer who posted it. The administrator can click a specific image to confirm if they’d like to delete it. Clicking the arrow (top left) leads to the Home Screen.	Admin Image Popup Upon clicking a specific image on the Images Screen, a popup is shown with the clicked image, the username of the organizer who uploaded the image, a “Close” button, and a “Delete Poster” button. Clicking “Delete Poster” deletes the image, and leads the admin back to the Images Screen where the deleted image has been removed from view. Clicking “Close” exits the popup and leads them back to the Images Screen.	Admin Entrants Screen This screen appears when the admin clicks “Entrants” on the Home Screen. The administrator can browse a list of all entrant profiles. The administrator can click a specific entrant profile to see their details or to delete their profile. Clicking the arrow (top left) leads to the Home Screen.

Admin Entrant Popup

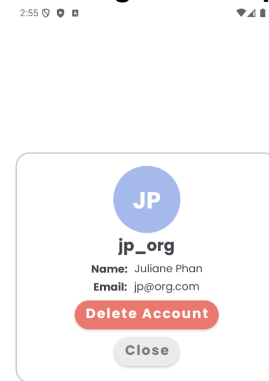

Upon clicking a specific entrant profile on the Profiles Screen, a popup is shown with the entrant's username, name, and email. Clicking "Delete Account" deletes the selected profile and leads to the Entrants Screen where the deleted profile has been removed from the list. Clicking "Close" exits the popup, which leads them back to the Entrants Screen.

Admin Organizers Screen

This is the screen that appears when the admin clicks "Organizers" on the Home Screen. On this screen, the administrator can browse a list of all organizer profiles. The administrator can click a specific organizer profile to see their details or to delete their profile. Clicking the arrow (top left) leads to the Home Screen.

Admin Organizer Popup

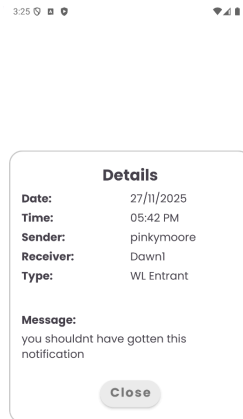

Upon clicking a specific profile on the Organizers Screen, a popup is shown with the organizer's username, name, email, and phone. Clicking "Delete Account" deletes the selected profile and leads to the Organizers Screen where the deleted profile has been removed from the list. Clicking "Close" exits the popup, which leads them back to the Organizers Screen.

Admin Notifications Screen

This screen appears when the admin clicks "Notifications" on the Home Screen. The administrator can browse logs of all notifications sent to entrants by organizers. Each notification log includes the following information: the date the notification was sent, the username of the organizer that sent the notification, the username of the entrant that received the notification, and the type of notification sent (whether the entrant was Chosen, Waitlisted, or Cancelled). The administrator can click on a specific notification to view more details. Clicking the arrow (top left) leads to the Home Screen.

Admin Notifications Popup

Upon clicking a specific notification log, the administrator can view more details of the notification, including: the date the notification was sent, the time the notification was sent, the username of the organizer that sent the notification, the username of the entrant that received the notification, the type of notification sent (Selected, Waitlisted, or Cancelled), and the message of the notification. The administrator can exit this popup by clicking "Close", which leads the administrator back to the Notifications Screen.
